STATINTL

STATINTL

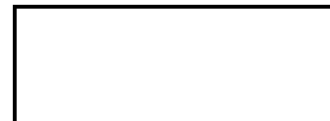

1. (Unclassified - GLC) Talked with [] NSA, about the EVENING STAR article which stated that NSA employees had been excluded from the recent pay raise and that Congressman Richard E. Lankford had written to the House Post Office and Civil Service Committee about it. [] had not seen the STAR article but said that NSA had granted the pay raise by administrative action as we had done.

STATINTL

Later in the day, [] called back to say that the confusion concerning this apparently originated in Congressman Lankford's office but has since been straightened out. He appreciated our calling the matter to his attention.

2. (Unclassified - GLC) Delivered to the Internal Security Subcommittee a summary and partial translation of a Soviet document on Cuba written by Konstantin E. Obyden.
